Small
school
that makes a

BIG

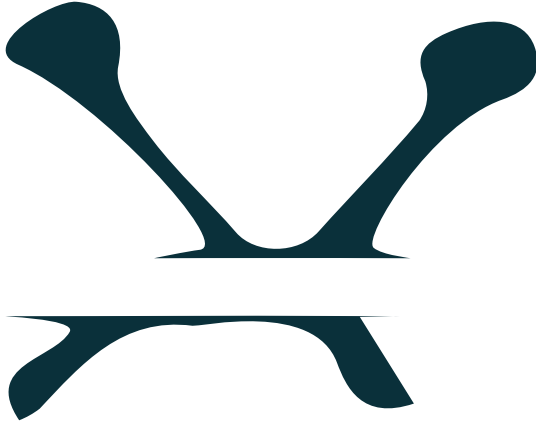

difference

Skole

believe that the best way

of developing these in young children is a combination of free and structured play, in beautiful and engaging preschool learning environments, and a program that constantly develops their minds across multiple areas.

We know that children develop at different rates across different areas.

Ages

we meet kids where they are.

Infants

Your baby will give you the most important information for the experience.

3-12 months 9:00 – 11:00h

Toddler

During this time, his physical growth and motor development will slow.

1-3 years 11:00 – 15:00h

Preschool

Your child is advancing from infancy toward and into the preschool years.

3-5 years 16:00 – 17:00h

Flex-Care

Your child should feel confident in her ability to meet the complex challenges.

5-12 years 19:00 – 21:00h

day we work to empower your child.

Research-based curriculum and individual learning experiences are integral to all the programs at Skole. Our teachers are dedicated and nurturing, which means their singular goal is to help your child meet milestones and become successful.

Our School Skole offers a path toward elementary school that can be personalized to meet each child's needs.
